Black

Sika Industrial Flooring's color selections are available in UR-4 Color Additives for Urethanes or Epoxy Color Additives for epoxy products.

^u The colors Blue and White are available as a Urethane Color Additive only.

Colors show approximate tone without any texture. The color of the actual products may vary slightly. Final color matching should be made with actual batch to be used. Gloss level will vary depending on product used. Custom colors available with adequate lead time and minimum batch quantities.

For use with compatible Sikafloor® products only. Please consult Sika Industrial Flooring for further information and pricing.
